Subject: Spectrum
Attachments: Albion Police RC Quote Updated.xlsx

Good Morning,

Above is the updated quote adding the 3 other locations to the phone system. Also the bottom has two options for the new Enterprise internet, one for a 12 month term and one for a 36 month term.

You will also see on the right hand side the total spend for the Village currently for phone service and internet service. You will see the new phone system for all 4 locations is about \$40 a month less than the current spend and the internet will be \$150 to \$200 a month cheaper depending on if you pick the 12 or 36 month option. Any questions before our call at 5 let me know.

Regards,

Donald Young | Strategic Account Manager, Government and Education

December 20, 2024

Commissioner
Empire State Development Corp. 625 Broadway
Albany, 12245

Dear Commissioner,

As chairperson of the Planning Board of the Village of Albion, I strongly support the Restore NY grant application for the property located at 132 North Main Street.

The village is designated as a Severely Distressed Community in the Restore NY Guidelines. This project will encompass the rehabilitation of a prominent building centrally located in the downtown district.

Development and renovations of this property will be developed and reviewed by all stakeholders (including the planning board) in the village to ensure consistency with comprehensive plans for the municipality.

Sincerely,
